Mental Health Commission

Invites you to

Trauma Informed Care and Practice

Thursday 3rd September 2020 (Day 1)

9:00am to 4.30pm

Presented by

Grace Oh & Clare Stevens

Workforce Development, Mental Health Commission

Venue: Broome Lotteries House

Details: This workshop aims to assist individual workers and agencies to begin to implement trauma informed care and practice.

This workshop will:

- Provide an overview of different types of trauma
- Describe the links between AOD, mental health issues and trauma
- Describe the impacts of trauma
- Explain the principles of trauma informed practice and care
- Provide participants with an opportunity to consider how to implement trauma informed care and practice in their agency and as an individual worker

This workshop is not intended to provide information about how to undertake specific trauma counselling.

This training is free-of-charge and will be fully catered.

Mental Health Commission

Invites you to

Recognising and Responding to Amphetamine Intoxication/Toxicity & Opioid Overdose

Friday 4 September 2020 (Day 2)

9:00am to 4.30pm

Presented by

Grace Oh & Clare Stevens

Workforce Development, Mental Health Commission

Venue: Broome Lotteries House

The aim of the training is to increase participants' knowledge and confidence in responding to amphetamine intoxication/toxicity and opioid overdose, with the purpose of improved service provision, client engagement and reducing harms associated with amphetamines and opioid use, including death.

By the end of this training, participants will be able to:

- Describe the harms, effects and withdrawal process of amphetamines and opioids
- Identify signs and symptoms of amphetamine intoxication/toxicity and opioid intoxication and overdose
- Respond to clients experiencing amphetamine intoxication/toxicity and psychosis, including the use of de-escalation skills
- Respond to opioid overdose, including basic life support responses, naloxone administration, and post-overdose management
- Be aware of the 'Recognising and Responding to Amphetamine Intoxication/Toxicity and Opioid Overdose' resource package components, developed to support trainers to deliver education sessions to frontline workers

This training is free-of-charge and will be fully catered.
